# Supplementary Questionnaire

## Water/Sewage Treatment Plants

---

1. Title of Contract

---

---

2. Site

Flat     Hilly     Mountainous     Built-up area     Semi-built area     Open area

If project is in built-up area, state distance from and type of neighbouring structure: \_\_\_\_\_

---

---

3. Does the project involve a mixture of new construction vs renovation to an existing plant? Please provide a percentage of new construction vs the percentage of renovation work to an existing plant.

---

---

4. Will the project involve any installation or replacement of watermains or sewers? YES  NO

Please describe.

---

5. Will the proposed building have any portions framed in wood? YES  NO

6. Will the roof have any portions framed in wood? YES  NO

7. If yes to either question 5 or 6, please provide a percentage of area framed in wood to non-combustible area?

---

---

8. Breakdown of Values

ITEM	VALUES
<input type="checkbox"/> Building Construction	\$ _____
<input type="checkbox"/> Excavation and Site Work	\$ _____
<input type="checkbox"/> Blasting	\$ _____
<input type="checkbox"/> Water and Sewage Treatment Equipment	\$ _____
<input type="checkbox"/> Sewer / Watermain Installation	\$ _____
<input type="checkbox"/> Total for New Construction	\$ _____
<input type="checkbox"/> Total for Renovation / Plant Upgrades	\$ _____

9. Type of foundation
- Caissons                      Depth \_\_\_\_\_ m
  - Piles                                      Depth \_\_\_\_\_ m
  - Slabs                                      Depth \_\_\_\_\_ m

Overall depth of excavation, depth of excavation required for pump station: \_\_\_\_\_m

10. What type of filtration system will be used? \_\_\_\_\_  
\_\_\_\_\_

11. Ground Water              Level below grade \_\_\_\_\_ m              Dewatering required?    YES  NO
- Pumps are driven               electrically               by combustion engines
- Electric power supply               off the main               by own generator(s)

12. What is the maximum transit exposure (the maximum value of insured property on any one delivery to the project)?  
\_\_\_\_\_

Signed: \_\_\_\_\_ Dated: \_\_\_\_\_
