DOES THE DISCOUNT APPLY TO NON-PRESCRIPTION EYEWEAR TOO?

Some PVS providers will give you the discount on non-prescription eyewear such as sunglasses; however, it is up to the individual stores to determine if the discount applies.

HOW DO I GET A PVS DISCOUNT?

At the time of purchase, advise the provider that you are an ENCON policyholder and ask for a PVS discount. The provider may ask for proof of your health insurance coverage with Manulife Financial, in which case you can produce your ManuScript Benefits Card.

If you have lost your card, you can use this flyer as proof of coverage.

CONSIDERING LASER EYE SURGERY?

Laser eye surgery is the most commonly practiced procedure to correct vision problems, including near sightedness, far sightedness and distorted vision. Ask your eye care provider for details and information on the applicable PVS discount for laser eye surgery.
